

# SECURITY GRILLES ( LANDCRUISER 76 SERIES 2007+ WAGON )

## SAFE AND SECURE

Minecorp has developed a vehicle window security grille system for increased occupant protection from low velocity projectiles. Designed for maximum strength and visibility they are manufactured from 2.5mm steel and powder coated for corrosion protection, these Minecorp security grilles are made to weather tough conditions. Each kit contains one front, three right hand, three left grilles and two rear grilles with all fixings.

**NOTE:** Optional installers kit available to help the installation process.
