

LOAD RESTRAINT CARGO NET

QUALITY RESTRAINING SYSTEMS

Many avoidable incidents occur each year due to unrestrained vehicle loads, it is not only good practice to securely cover all loads but a legislative requirement. Minecorp Load Restraint Nets suit most trays or tubs and are perfect for restraining tools, luggage and any other awkward loads.

This elasticised load restraint net is designed for light to medium duty use. Made from 3mm diameter black polypropylene rope with a mesh size of 40mm square this load restraint net provide good security for small objects and mixed loads. Elastic boarder with 15 securing hooks ensures this net will conform to various loads.
