

# FLAG & AERIAL MOUNT BRACKETS (FOR 40MM X 40MM SQUARE HEADBOARD)

## PRACTICAL MOUNTING SOLUTIONS

Minecorp's flag and aerial mount brackets have been designed for compatibility with Minecorp's resource level trays with square headboards. Mounting is a straightforward task aided by the supplied hardware kit. Minecorp also offers a wide range of aerials and flags to suit a generic nonspecific range of vehicle and job site requirements.
