

# MINECORP ACCESSORY MOUNTING PLATFORM (AMP) FOR MCT

## CUSTOMISABLE AND VERSATILE

Minecorp's Accessory Mounting Platform (AMP) has been designed with customisation and versatility in mind. The platform has multiple mounting points to allow for a wide range of accessories to be installed to a vehicle. Adding and removing accessories for servicing or repositioning is straightforward thanks to the easy access the AMP provides. Manufactured in a combination of 2.5mm aluminium and steel and finished with a durable powder coat, this Accessory Mounting Platform will stand up over time on any work vehicle.
