

# MINECORP STEALTH HIGHLIGHT BAR ( HOLDEN COLORADO 7 )

## DISCREET APPEARANCE

Minecorp's Stealth Highlight Bar has been designed with discreet appearance and profile in mind. The bar has multiple mounting points to allow for a wide range of accessories to be installed to a vehicle. Adding and removing accessories for servicing or repositioning is straightforward thanks to the easy access the AMP provides. Available as an option of the Stealth Bar is Minecorp's fold down aerial mounting bracket. Manufactured in a combination of 2.5mm aluminium and steel and finished with a durable powder coat, this Stealth Bar will stand up over time on any work vehicle.
